

Safesport Training for Athletes 18 and over

To register an account, go to:

<https://safesport.org/authentication/signin>

Then under the password field, click the white 'Register' button.

After choosing US Soccer in the membership drop-down box, you will need to enter your US Soccer membership access code. The access code is listed in your GotSport player account or can be received by emailing safesport@epysa.org. After you register you will receive an email to activate your account. Activating your account will allow you to sign in to take SafeSport.

Once signed in, go to Menu in the top left corner of the page. Under your name on the menu is the Learning Dashboard. Click on Learning Dashboard and you will see the SafeSport Trained course. Click on it to get started.

Upon completion of the course, save the certificate to your device. Log back into your GotSport player profile to upload the certificate to the Requirements section of your profile. Please contact your club registrar or risk management coordinator for additional questions.
