US Youth Soccer Olympic Development Program

The US Youth Soccer Olympics Development Program (US Youth Soccer ODP) was formed in 1977 to identify a pool of players in each age group from which a National Team will be selected for international competition; to provide high-level training to benefit and enhance the development of players at all levels; and, through the use of carefully selected and licensed coaches, develop a mechanism for the exchange of ideas and curriculum to improve all levels of coaching.

Logo Usage
All related gear designated for use by a US Youth Soccer ODP (state associations or regional teams) shall bear the US Youth Soccer “The Shield” logo. This includes, but is not limited to uniforms, polos, hats and bags.

“The Shield” logo shall only be used for the US Youth Soccer ODP [all levels]. This logo may not be used for any other purpose. State associations and regions may place their name in the top field of “The Shield”.

Logo Specifications
This shall be considered the official logo to represent the program.

“The Shield” logo must always be used in the same proportions. It is intended to be used as a unit, and must not be altered or modified from its standard form. This logo follows the standard US Youth Soccer color scheme, with the option for a fourth color in the NAME DESIGNATION BAR.

All applications of this logo must use all three colors as properly outlined. No other colors may be substituted in a color rendition. For single-color renditions, black/white presentation is acceptable. The US Youth Soccer primary logo, and other graphics must be solid.
